STEP

1

Start

- Go to www.scyp.be
- Read the “who can participate”-rules
- Register
- Download the SAS software, University Edition
- Start Programming 1 via e-learning.

STEP

2

Learn

Two e-courses contain all the content you need to master for the certification.

You have two formula's:

- Complete the courses **at your own pace** + study
- **Follow the two teaching sessions at SAS** + complete the remaining chapters at your own pace + study.

Q2 Teaching session 1 Saturday 25FEB

Q2 Teaching session 2 Friday 17MAR

Before

Get started (registration, download software, ...)

Teaching session 1

@SAS Tervuren: we ensure that you are up & running and we give a general intro to SAS

@SAS Tervuren: we teach you several chapters of Programming 1

@SAS Tervuren: there is time to answer your questions.

Between

Get ready for programming 2.

Example of a SCYP journey

Teaching session 2

@SAS Tervuren: we teach you several chapters of Programming 2

@SAS Tervuren: you get tips & tricks for the exam

@SAS Tervuren: there is time to answer your questions.

After

Study and get ready for Certification!

STEP

3
